

TEEN CHALLENGE WHAT WE DO...

Teen Challenge Christian Academy reaches "at-risk" to delinquent youth age 14-18, who have not been successful in a traditional school system. TCCA is a NAAS accredited year-round computerized high school with an individualized curriculum. TCCA also provides a 12-step program, group and individual counseling, mentoring, life skills classes, and other activities. It is a *place for new beginnings*, where students discover academic success together with the development of skills for successful living. The ultimate goal is success for each Academy student. The total program is structured to teach the student to think carefully, act responsibly, and to live wisely.

TCCA is the place where parents can find the necessary help for their troubled teen.
